

Odontoglossum cariniferum

Native of: Costa Rica

Habitat: Epiphyte in mountain forest from 1000-1500m.

Description: Also known as *Oncidium cariniferum*. This medium sized plant produces long branched sprays of 5cm flowers.

Cultivation Guidance: At school we grow this cool (min.10°C) water through out the year. It doesn't seem fussy about light.

Flowering season Spring

Flask to flowering approx. 4yrs.

Seedling source: Private grower
